

# Vitabrid C<sup>12</sup>

12-hour Transdermal Vitamin C  
Born with Hybrid Science

**Product Description**

## VITABRID C<sup>12</sup> FACE BRIGHTENING Powder

### Sate-of-the art 12-hour Transdermal Vitamin C powder for your face!

Transdermal vitamin C powder for anti-aging and skin rejuvenation. High potent Vitamin C complex helps brighten, and minimize fine lines and wrinkles through collagen synthesis, making your skin bright, nourished and glowing with natural radiance.

Powder 3g

#### 1. Key Benefits

- Skin brightening
- Improve skin tone / texture
- Skin rejuvenation
- Reduce fine lines / wrinkles
- Enhance skin tone and thickness

#### 2. Product Features

- **Strong anti-oxidation benefit** - Vitamin C makes skin healthy and radiant by neutralizing the damaging effects of free-radical activity from sun, stress, and pollution, helping prevent and repair visible signs of aging
- **Skin rejuvenation and anti-aging** - Vitamin C is one of the most essential substances to promote collagen production, helping maintain vibrant and firm skin texture.
- **Skin brightening** - Vitamin C, a powerful brightening ingredient with antioxidant benefits that reduces the look of melanin for a perfectly bright and even complexion.

#### 3. How To Use

1. Lightly shake before use. Advanced ceramic balls contained in the bottle help keep the powder dry and soft.
2. Pour a small amount onto your palm or the back of your hand. (0.02g or one spoon)
3. Mix with your usual basic skincare product. The initial step product is suggested.
4. Mix the product well and smoothly apply on your face to let it absorbed.

#### 4. Ingredients

Ascorbic acid, Zinc oxide, Allantoin , Glyceryl monostearate , Arbutin , Hydrolyzed Collagen , Purified water , Adenosine

- Arbutin - Help to brighten the appearance of discoloration
- Allantoin - Helps soothe, hydrate and calm the skin.
- Adenosine - helps prevent skin damage from UV-B and promotes collagen synthesis, improving visible signs of aging
- Hydrolyzed Collagen -- Helps improve skin tone, thickness and moisturization

**\*Trusted quality vitamin C from the U.K.**

Quality raw materials are essential for quality skin. Vitabrid C12 values skin by using vitamin C imported from the U.K. supplier.

## VITABRID C<sup>12</sup> FACE BRIGHTENING Essence Set

### 12-hour Transdermal Vitamin C, coupled with the Brightening essence

Transdermal vitamin C powder with brightening essence for more effective anti-aging care. It is an anti-aging essence set that suppresses skin aging and allows for a young, natural glow.

#### 1. Key Benefits

- Skin brightening
- Reduces fine lines / wrinkles
- Delivers instant hydration
- Improve elasticity

#### 2. Product Features

- **Contains 12 hour transdermal vitamin C powder** - It is an anti aging set created from Vitabrid C<sup>12</sup>'s patented technology that combines the active vitamin C powder with the brightening/anti-wrinkle dual functional essence to deliver active vitamin C deep into the skin, thus helping the skin's glow and elasticity.
- **Brightening & Anti-Wrinkle Dual Functional Essence!** - FDA approved, the dual functional essence allows for brighter and firmer skin.
- **As soon as it touches the skin, moisture and oil drops get released** - By including an essence that assists the skin in absorbing the Vitabrid while also making application better, customer satisfaction for the set increased. With a water&oil drop formulation, we deliver a rich sense of moisture and smooth texture.
- **Contains plant-derived stemm cells** - By using plant-stem cell complexes, it allows for the best skin condition and treats various skin troubles.

#### 3. How to use

- Mix approximately half a spoon (the one provided) of the Face Brightening Powder (0.01g~, one grain of rice) with the Face Brightening Essence.
- Use tip: You can change the amount of powder to use depending on the skin's daily condition.

#### 4. Ingredients

- **POWDER:** Ascorbic Acid, zinc oxide, allantoin, glycerol monostearate, arbutin, hydrolyzed collagen, purified water, adenosine
- **ESSENCE:** Niacinamide, 1,2-hexanediol, betaine, allantoin, adenosine, sodium hyaluronidase, pungran callus culture extract, rice callus culture extract, carrot callus extract, tomato callus culture extract, damusk rose callus culture extract, pepper callus culture extract, ginseng callus culture extract, green tea callus culture extract

## VITABRID C<sup>12</sup> SENSITIVE Spot Powder Serum

### Essential redness and red spot solution for sensitive skin!

Melting powder formulation for brightening and wrinkle spot treatment. Our patented "Amino Acid Complex" in the serum nourishes the skin with vitality and nutrients, and rejuvenates the skin.

✓  
Skin irritation  
test completed

Powder 5g

#### 1. Skin Benefits

- Skin brightening effect
- Wrinkle treatment
- Antioxidation
- Cooling and skin soothing effect

#### 2. Product Features

- **12-hour vitamin C spot care** - This high-concentration powder serum, created through the patented technology of Vitabrid C<sup>12</sup>, continuously delivers transdermal vitamin C, together with SMF (Sensitive Melting Formula) technology for easy and effective vitamin C spot care.
- **Hypo-allergenic powder serum for sensitive skin around the eyes** - As the powder formulation gently is applied to the skin, it releases nano-water moisture. It can be used around the eye or on sensitive skin areas that have been affected by UV radiation or harmful environments. (Skin irritation test completed)
- **Provides intensive care on spots that need wrinkle and brightening care** - The main ingredient, Vitabrid CG, continuously delivers transdermal vitamin C deep in to the skin for 12 hours. Our patented "Amino Acid Complex" treats multiple skin problems. Ingredients, such as adenosine and niacinamide, help brighten and rejuvenate the skin.

#### 3. How to Use

- Take an appropriate amount of the product using the spoon that is included. Apply it to the area surrounding the eyes or area of desire, and lightly tap for absorption.
- Directly apply the product in the area of desire and lightly tap for absorption.

#### 4. Main Ingredients

Niacinamide, adenosine, ascorbic acid, zinc oxide, glyceryl monostearate, glycine, glutamic acid, lysine, leucine, methionine, valine, serine, cysteine, aspartic acid, alanine, arginine, isoleucine, tyrosine, threonine, phenylalanine, proline, histidine, allantoin, lavender extract, bergamot leaf extract, peppermint extract, chamomile flower extract, gold extract, rosemary extract, sodium hyaluronate

## VITABRID C<sup>12</sup> MODELING MASK

### Spa & Aesthetic modeling mask for home care - New packaging method: Easy-to-use one-touch shaking product

Self-care solution containing the know-hows from Spa & Aesthetic specialists. Brightening powder with active vitamin C stabilized through advanced bio-hybrid technology and DPES (Drug Permeation Enhancement System) with specially formulated ampoule delivers intensive brightening and lifting effect, helping the skin look firmer, toned and sculpted.

#### 1. Key Benefits

- Skin Brightening
- Minimizes fine line & wrinkles
- Minimizes pores
- Cooling & Soothing
- Skin firming & lifting
- Exfoliating

#### 2. Product Features

- **A modeling mask that adheres to the skin and inner part of the pores** - A step that cannot be left out in the last stages of premium aesthetic skincare. A mask that molds to your skin texture providing skincare to all pores.
- **Brightening effect – an alternative to dermatology procedures** - Vitabrid CG enters deep into the skin and prevents the formation of melanin pigments, thus preventing the formation of new dark spots
- **Retains moisture and strengthens skin barriers** - The vitamin C and active ingredients produce collagen and strengthen skin barriers. This protects the skin from external factors and helps maintain skin health.
- **Simultaneous pore care and spline care** - Natural diatomite (US) and bentonite (France) remove skin waste from the pores and also remove old spline, leading to smooth and clear skin.
- **No Parabens, No Benzophenol, No Talc**

#### 3. How to use

1. Press into the indicated spot on the back of the mask pack with two fingers while bending the pack slightly forward. (The middle portion inside will open up, letting the essence into the powder section)
2. Hold the mask upside-down and shake it side to side around 30 times. (You must shake it enough so the essence may mix well with the powder to form a paste)
3. Open the lid where indicated; then stir the solution thoroughly using the enclosed spatula. (But no longer than 2 minutes before applying the paste to your face)
4. Apply the paste evenly on the face and wait 20~25 minutes before removing it. (Cleanse the remaining residue with toner)

#### 4. Ingredients

- **POWDER:** Diatomaceous Earth, Glucose, Calcium Sulfate, Algin, Tetrapotassium Pyrophosphate, Hydrolyzed Collagen, Bentonite, Sodium Benzoate, Potassium Sorbate, Ultramarines, Yellow Oxide of Iron, Ascorbic Acid, Glyceryl Stearate, Zinc Oxide, Water
- **ESSENCE:** Water, Sea Water, Glycerin, Niacinamide, Caulerpa Lentillifera Extract, Mesembryanthemum Crystallinum Extract, Alteromonas Ferment Filtrate, Chlorella Vulgaris Extract, Glutathione, rh-Oligopeptide-1, Sodium Hyaluronate, Alcohol, PEG-60 Hydrogenated Castor Oil, Hydroxyethylcellulose, Allantoin, Allantoin, Carbomer, Triethanolamine, Adenosine, Gardenia Florida Fruit Extract, Phenoxyethanol, Fragrance, Ethylhexylglycerin, Disodium EDTA

Powder 25g    Essence 60mL

## VITABRID C<sup>12</sup> AC.CONTROL Essence Set

### Safe Acne Treatment with active Vitamin C, antibiotic-free!

Non-comedogenic essence set with active vitamin C for intensive acne treatment. Vitabrid C12 AC CONTROL Essence Set effectively provides acne treatment by suppressing acne bacteria, and removes skin waste and excess sebum leaving clear and healthy skin.

 Hypo-allergenic  
test completed

Powder 2g    Essence 30mL

### 1. Key Benefits

- Acne and Trouble spot care
- Removal of skin waste
- Soothing & moisture
- Suppresses melanin formation

### 2. Product Features

- **Contains 12-hour transdermal vitamin C powder** - It is an active vitamin C powder made from Vitabrid C<sup>12</sup>'s patented technology that delivers vitamin C deep into the skin.
- **Hypo-allergenic formula for all skin types** (Skin irritation test completed / non-comedogenic clinical test completed) - As a hypo-allergenic product that has passed the skin irritation test, it can safely be used on sensitive skin.
- **Contains ingredients that make the skin healthy, such as azelaic acid and allantoin** - The product includes ingredients that are effective in acne treatment and trouble care, leading to clear and healthy skin.
- **Customized essence for oily, dehydrated skin types** - As a soft gel type, the product immediately provides moisturizing and soothing effects. It supplies the lacking moisture and gets absorbed into the skin without any oily feeling, so it can also be used on skin with acne or oily skin.
- **NO artificial fragrance / NO artificial coloring** - The product does not include chemical ingredients that may irritate the skin.

### 3. How to Use

Mix ½~1 spoon (0.01g~, size of 1~2 rice grains) of AC Control Powder with AC Control Essence and apply on area of desire. Tap lightly for absorption.

### 4. Main Ingredients

- **POWDER:** ascorbic acid, zinc oxide, allantoin, glyceryl monostearate, arbutin, hydrolyzed collagen, purified water, adenosine, azelaic acid, tocopherol, copper tripeptide, xylitol
- **ESSENCE:** deep sea water, urea, grape seed oil, mistletoe leaf extract, common purslane extract, tea tree leaf extract, asiatic pennywort extract, green tea extract, allantoin, azelaic acid

## VITABRID C<sup>12</sup> HAIR

**Active vitamin C powder coupled with a specially formulated hair tonic! An anti-hair loss and hair regrowth solution!**

Hair loss is caused by deficiency of collagen! Active vitamin C promotes collagen production!

Experience the hair regrowth and hair thickening with Vitabrid C<sup>12</sup> HAIR through collagen synthesis (vital hair regrowth factor) and scalp soothing.

Powder 1.5g    Tonic 100 mL

### 1. Key Benefits

- Hair loss prevention and thicker hair
- Antioxidant: suppresses aging of scalp
- Soothes scalp and alleviates itchiness
- Supplies moisture and nutrients to the scalp and hair
- Makes the scalp and hair clean and healthy

### 2. Main Features

- The vitamin C powder created through our patented bio-hybrid technology is combined with OTC drug hair tonic to allow the delivery of transdermal vitamin C into the scalp for 12 continuous hours, thus improving metabolism, preventing hair loss, and making the hair stronger.
- The scalp becomes sensitive after being exposed to many external factors. The product delivers various active ingredients into the depths of the scalp and provides soothing effects, moisture, and nutrients for thicker, shinier hair.

### 3. How to Use

- Mix 1.5g HAIR powder and 100mL HAIR tonic.
- Switch container to mist pump.
- Spray in close distance to the scalp and massage gently for absorption.

### 4. Ingredients

- **POWDER:** zinc oxide, ascorbic acid, glyceryl monostearate
- **TONIC:** dexpanthenol, L-menthol, salicylic acid, biotin

## VITABRID SCALP THERAPY Shampoo

### Vitamin C shampoo for hair loss prevention, hair thickening and hair regrowth!

Hypo-allergenic shampoo with natural ingredients for those with severe hair loss and hair thinning concerns. It makes scalp healthier by blood circulation, and provides the effects of hair loss prevention and stronger hair.

Shampoo 300mL

#### 1. Key Benefits
